PROFESSIONAL EXPERIENCE

SHORTPOINT

Ann Arbor, Michigan, US

Web Engineer

2024-Present

Web Engineer at ShortPoint, responsible for managing and optimizing all company web platforms across multiple technologies and stacks. Delivered fast, accessible, and SEO-optimized websites with enhanced performance, increased user engagement, and supported lead generation and tracking.

- Spearheaded the migration of the company's website from an obsolete builder to a custom built solution, resulting in a 200% increase in website performance.
- Implemented an auto-tracking tool that gives more insight to the marketing team. This snowballed into an improved trial flow which increased lead generation by 30%.
- Automated addition of new templates which reduced effort for adding new templates by 80%.
- Winner of ShortPoint's first AI hackathon by building a mini clone of the company's product using AI driven development.

PEERLESS

Lagos, Nigeria

Frontend Engineer

2024-2025

Frontend Team Lead for a micro-frontend core banking application at a tier-2 financial institution. Led the development of a transactions and payments module, implementing permission-based access controls to deliver a secure user experience.

- Created platform-wide helper functions and services in the micro-frontend application that sped up development lifecycle across all teams.
- Supported team members through issue resolution and code reviews to maintain high coding standards.
- Unblocked the URM team during the implementation of a complex logic for role management, speeding up the feature development by 50%.

LIFEBANK

Lagos, Nigeria

Web & Mobile Engineer

2023-2024

Software Developer at LifeBank, a healthcare logistics and technology company. Contributed to the development of internal web applications and customer-facing mobile solutions used for managing and ordering critical medical supplies.

- Collaborated directly with the CTO and cross-functional stakeholders to translate operational requirements into production-ready software.
- Built mobile applications with React Native used by customers to place, track, and manage medical supply orders.

EDUCATION & CERTIFICATION

UNIVERSITY OF ILORIN

Ilorin, Nigeria
